GSB @60

Welcome Home!

Whether you have traveled from down the road, across the country or around the world, I'm so pleased to be able to welcome you back to the GSB for the final event of our year of 60th anniversary celebrations.

While much has changed at the GSB over six decades, what has remained constant is the conviction, which courses through these halls, that critical thinking, rigorous scholarship and networks formed among the continent's rising leaders can improve lives and create a better future for our country, our continent and the world.

You are the proof of this conviction. Our alumni are the visionaries and decision-makers who have helped to drive the remarkable opportunities and successes of our current age, and you are the leaders who will help us to navigate our rapidly changing world. Together with the students in our classrooms today, and the young people (including some of your children and grandchildren) who will join us in coming years, we look forward to continuing to work together to shape the future we hope to live in and to leave for coming generations.

Anniversaries are a time to celebrate and reflect, and I hope you will do both of those things this weekend. Revisit old friendships, make new ones, remember what makes the GSB extraordinary--and tell us where you think the School should go next.

Dr Catherine Duggan
Director, UCT GSB
