MIM Exchange 2023/24

Welcome to the UCT GSB

The University of Cape Town Graduate School of Business (UCT GSB) is part of the University of Cape Town (UCT), South Africa's oldest public and internationally renowned leading research university.

Triple-crowned by the international accreditation associations/ bodies – the Association to Advance Collegiate Schools of Business (AACSB), the Association of MBAs (AMBA) and the EFMD Quality Improvement System (EQUIS), the UCT GSB is home to the only full-time African MBA to have featured in the FT rankings for 12 consecutive years. Additionally, the UCT GSB Executive Education division is consistently ranked in the top 100 by the Financial Times, currently first in South Africa and 56th globally for its customised programmes.

Our vision is to be the authority in business education in Africa, through providing aspiring leaders with relevant knowledge, skills and competencies to lead change in Africa and internationally. Our mission is to contribute to the success of individuals and organisations through research-informed teaching, practice and thought leadership that prioritises the complex and pressing economic and social challenges of our world today. With our roots in Africa, our focus is on emerging-market business and our teaching and research is geared

towards driving development and understanding in this context, which is characterised by high degrees of uncertainty, complexity and inequality. Through initiatives like the Allan Gray Centre for Values-based Leadership, the Bertha Centre for Social Innovation and Entrepreneurship, and the Development Finance Centre, we seek to build a new kind of business school: one that is rooted in values and enables positive new ways of thinking and acting in business to achieve sustainable success.

Our programme portfolio includes a Post-Graduate Diploma in Management Practice (PGDip), the CEMS Master of Management Specialising in International Management, a full-time or modular Executive MBA, a Post-Graduate Diploma and Master of Commerce in Development Finance, a Master of Philosophy specialising in Inclusive Innovation, and a PhD programme. We also offer international study tours/ global immersion programmes and our Executive Education programmes include open and customised offerings.

Our campus is located in the heart of the City of Cape Town – one of Africa's most vibrant and culturally diverse cities. Wamkelekile! We look forward to you joining the UCT GSB family!

Registration and Visa Process

Once nominated, we direct students to a link to apply online using the UCT GSB Exchange Application Portal. A place offer can be sent after the student completes the online application and submits the required documents. The system will automatically generate the students' UCT student number, student profile and the required letters for the study visa application.

The UCT GSB is prohibited from registering foreign students unless they are in possession of a valid visa for South Africa for the duration of their study period. It is every student's responsibility to ensure that they are in possession of a valid visa to enter South Africa before travelling.

We advise all students to contact their nearest South African Embassy or Consulate before travelling to South Africa, in order to confirm visa requirements.

More information on visa conditions, exempted countries and entry requirements is also available on the South African Department of Home Affairs website:

- [South African Home Affairs](#)

Study Visas are required for all foreign students intending to study at a learning institution in South Africa for longer than three months. Students must apply for a South African Study Visa through their nearest South African Embassy, Consulate or Trade Mission, and should include a copy of the admissions letter offering them a place at the UCT GSB, together with a brief motivation of their reasons for wanting to study in South Africa.

Kindly note:

Certain documents take several weeks to obtain, for example, police clearances or FBI reports (for US students) could take up to 12 weeks to process.

Visit the South African Consulate/Embassy in your home country to confirm the study visa dates and details:

- [South African International Relations and Cooperations](#)

Visa applications take a minimum of 8-10 weeks to process in the case of complete applications (all documentation in English) meeting all the requirements. Students should therefore ensure that they obtain the list of required documentation from their nearest SA foreign mission and start collecting their supporting information well in advance. Upon receipt of their UCT GSB Admissions Letter they should immediately submit their visa application for timeous processing.

Health Care

STUDY PERMITS: HEALTH INSURANCE

One of the requirements of a study permit is proof of medical cover that is registered in and/or recognised in South Africa. You may select any medical aid scheme (NOT medical insurance) registered in South Africa and shown as "open" on this [list by the council of medical schemes](#).

We recommend the following because they provide the best cover for international students and offer the best value for money:
